EFA MOBILE ZEITEN

GERMANY'S GREAT AUTOMOTIVE ICONS

Legends that have shaped entire epochs – united in a place that makes the fascination of great German engineering more tangible than almost any other.

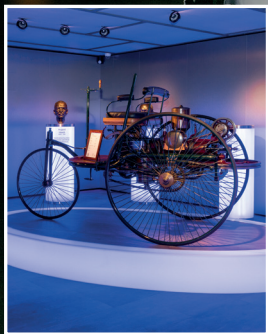

Since 1988, the Amerang entrepreneur Ernst Freiberger sen. has set himself the task of tracking down automotive historical rarities from all eras. He filled warehouses and garages with his treasures and opened the „EFA Museum für Deutsche Automobilgeschichte“ in Amerang in 1990.

Today, the Freiberger family continues this cultural heritage with great passion.

Since the major redesign of the museum in 2019, a varied and multimedia exhibition has brought the past to life and made history comprehensible. Our new didactic concept invites visitors to embark on a journey through the history of mobility. The exhibited classic cars are the focus as a symbol of the social, political and economic development of their respective decade.

THE EXHIBITION

WHERE LEGENDS STAND AND HEARTS ARE RACING

130 years of German automotive history – from the first motorized carriage to today's lightning-fast racing cars. Travel through the epochs accompanied by informative films and experience the automobile at the centre of social development.

To round off the classic car experience, various interactive stations offer you the visual and acoustic driving experience of bygone days.

MODEL RAILWAY

A TRACE SMALLER AND YET THE LARGEST OF ITS KIND

Another important milestone in mobility is the railway. That is why Ernst Freiberger Sr. has dedicated its own exhibition to this topic.

On about 650 meters of track on 600m² we present the world's largest* series-produced model railway layout of gauge II.

*we don't know of any larger :-)

- 1:22,5 -
scale

- 650/800 -
650m track and
800m cable

An impressive sight are the 30cm large locomotives of gauge II, which bring the historic railway lines to life with modern technology even after many years.

A lovingly designed Bavarian landscape invites you to look at the entertaining sceneries and different trains and to go in search of many small details. Many unique pieces can be viewed more closely in showcases and not only make the hearts of model railway fans beat faster.

- 600 m² -
exhibition space

- 1.600 -

CHILDREN'S WORLD

ON A JOURNEY OF DISCOVERY WITH KARL THE BEETLE

For the youngest visitors there is a lot to discover in our children's world:

Children can experience the world of classic cars from a different side and try out interactive educational games, search for hidden dinosaurs or simply have fun playing with our Brio train.

In order to be able to explore the exhibition on your own or with the support of your parents, we are happy to give you our exciting quiz rally booklet.

PLAYGROUND

OUR CLASSIC CAR ON THE DOORSTEP

In order to be able to let off steam in between, the EFA playground is set up in front of the museums doors for our small guests.

As a special highlight, we have had a climbing frame made in original size based on the model of a 30s classic car, which not only makes children's eyes shine. But even for the youngest visitors there are automotive rocker figures to let off steam.

YOUR EVENT WITH US

EFA MOBILE ZEITEN IS A PLACE OF INSPIRATION

Book our museum exclusively and use our exhibition as an event space for your company or Christmas party, as well as for private parties.

Whether festive wedding with gala dinner, presentation and training with catering and supporting program or a cozy veal sausage breakfast with your team in a very special ambience.

We will repark our cars for you and create room for up to 200 guests in the heart of the exhibition.

OUR EVENTS

CALENDER OF EVENTS

Enjoy a ride in the „Car of the Month“, spend an evening looking under the hoods of a wide variety of classic cars or take a look behind the scenes of our depot. We have planned these and other different events for you. Find out about our current events, special exhibitions and promotions in the event calendar on our homepage.

SERVUS AMERANG

After a visit with us, Amerang invites you with its picturesque town centre for further activities: diverse cultural offerings and fine gastronomy leave nothing to be desired.
